

INTRODUCTION

Welcome to the 5 Spooktacular Witches Coloring Book. The fairies are so glad that you wanted to enjoy some time with them. This coloring book gives you a glimpse at Issy, Hallie, Courtney, Trixie-Love and Chef Gardenia whose stories are featured in The Halloween Adventures of the 5 Spooktacular Fairy Witches. We have shared what each fairy looks like in color but also hope that you'll have fun being creative as you color them. What colors do you think they should be wearing? Pick up your crayons or markers and enjoy this relaxing activity. It is fun to do alone or with friends and family. If you are not together, you might even consider having a visiting and coloring night through video chat.
